## PROGRAM BACK 90

### 1985

Serial Nr. no  
Minolta Code: 8762-100

#### Characteristics and Functions

The Minolta Program Back 90 is dedicated to the 9000 AF. Replacing the standard back with the Program Back 90 is really simple: simply open the back, move the small zipper lever downwards and remove the back itself from the upper ring. With the reverse operation, Program Back 90 is easily installed.

With the PB-90 you can engrave on the negative "Hours, Minutes, Seconds" or the date with three different data dispositions between "Month, Day, Year", "Day, Month, Year", "Year, Month, Day" . It is also possible to set a 6-digit code or a consecutive numbering of up to 6 digits.

The Program Back 90 can also be used as an intervalometer in the execution of several shots combined with the motor or winder.

The PB-90 is powered by the camera batteries. To impress the negative, press the small triangular [PRINT] button. Weight 69g.

Dimensions: length 143.5mm .; height 54mm .; thickness 22mm.
